Professional Summary

Physician and Clinical Researcher with a publication record of 35+ peer-reviewed articles in high-impact top journals such as EuroIntervention. Cited over 135 times, with research focusing on cardiovascular and internal medicine outcomes. Besides clinical experience, experienced in advanced biostatistics and meta-analysis.

Education

Faculty of Medicine, Al-Azhar University | Cairo, Egypt

Bachelor of Medicine, Bachelor of Surgery (MBBCh)

- Graduated with Excellent with Honors (GPA: 3.6/4.0), Top 10% of class.

(Oct 2018 –
Dece 2023)

Research Experience

NEGIDA Corporation | United States (Remote)

Medical Researcher

- Leaders in Cardiovascular Section Team**
- Advanced Statistical Analysis:** Lead the statistical core for large-scale meta-analyses, executing complex methodologies including Network Meta-Analysis (NMA) and Trial Sequential Analysis (TSA) using R (meta, netmeta packages) and STATA.
- Cardiovascular Project Leadership:** Direct multinational research teams of 5-10 medical researchers from protocol registration to manuscript submission, resulting in many publications in high-impact cardiology journals.

(Jan 2021 –
Present)

ResPar Platform | Saudi Arabia (Remote)

Medical Researcher & Tutor

- Academic Mentorship:** Provide advanced tutoring in research methodology and biostatistics to medical junior researchers.
- Curriculum Delivery:** Develop and deliver educational modules on clinical study design, critical appraisal of literature, and medical writing.
- Research Supervision:** Supervise ongoing researchers' projects, ensuring data integrity and adherence to ethical research standards during the manuscript preparation phase.

(Apr 2025 –
Present)

Al-Azhar Cairo Researchers (ACR) | Cairo, Egypt

Research Associate

- Data Management:** Collaborated on university-led studies, managing data cleaning and coding for datasets.
- Literature Review:** Conducted comprehensive literature searches on PubMed/MEDLINE and Embase.

(May 2020 –
May 2021)

Technical & Professional Skills

Biostatistics & Data Science:

Advanced: R Language (tidyverse, meta, netmeta, ggplot2), STATA, JAMOVI, JASP, SPSS.

Programming: Basics of Python (Data Structures, Pandas for data analysis).

Research Methodologies:

Network Meta-Analysis, Trial Sequential Analysis (TSA), Cochrane Handbook Standards, GRADE Approach, PRISMA Guidelines.

Scientific Illustration & Tools:

Graphics: Adobe Photoshop, GIMP, Inkscape.

Reference Management: EndNote, Mendeley, Zotero, Rayyan.

WITHOUT POSTERIOR LEFT ATRIAL WALL ISOLATION FOR ATRIAL FIBRILLATION: A SYSTEMATIC REVIEW AND META-ANALYSIS OF RANDOMIZED CONTROLLED TRIALS. *Journal of the American College of Cardiology*. 2024;83(13):71. doi:10.1016/S0735-1097(24)02061-8

Licenses and Certifications

Egyptian Medical License Examination (EMLE)

Nov 2025

United States Medical License Examination (USMLE) Step 1

June 2025

Work Experience

Bab Al-Shearya University Hospital, Al-Azhar University | Cairo, Egypt

(Mar 2024 –

Intern Physician (House Officer)

Feb 2026)

- **Patient Management:** Manage a daily caseload of 15-20 patients across core rotations (Cardiology, Internal Medicine, General Surgery, OB/GYN, Pediatrics, Emergency Medicine, Psychiatry, Radiology, ENT, Vascular Surgery), acting as the primary point of contact for patients and families.
- **Clinical Operations:** Coordinate hospital admissions and discharge planning.
- **Procedures:** Perform independent bedside procedures, including Arterial Blood Gas (ABG) sampling, NG tube placement, IV cannulation, urinary catheterization, and wound suturing.
- **Multidisciplinary Teamwork:** Present patient updates during daily rounds with attending physicians and senior residents; collaborate with my colleagues to execute treatment plans efficiently.
- **Emergency Response:** Assist in the stabilization of acute cases in the Emergency Department, including initial management of myocardial infarction, stroke, and acute respiratory distress.

Upwork (Freelance) | Remote

(Aug 2023 –

Biostatistician & Medical Writer

Present)

- **Statistical Consulting:** Independent consultant for academic, providing high-level statistical analysis plans (SAPs), sample size calculations (Power Analysis), and data interpretation for clinical trials and observational studies.
- **Data Visualization:** Create publication-ready figures and tables using R (ggplot2) and translating complex datasets into clear visual evidence for peer-reviewed submissions.
- **Technical Writing:** Author and edit "Methods" and "Results" sections for manuscripts targeting Q1 journals, ensuring clarity, accuracy, and compliance with specific journal submission guidelines.

Peer Review Activity

Annals of Thoracic Medicine

SN Comprehensive Clinical Medicine

Honors & Awards

Excellent E-Poster Presentation Award | KSGE Days 2025, Busan, South Korea

(Sep 2025)

Awarded for the abstract: "Artificial Intelligence Assisted Endoscopy Reduces Adenoma and Polyp Miss Rates."

Dean's Honor for Excellence in Scientific Medical Research | Al-Azhar University

(2025)

Recognized for outstanding contributions to clinical research and a portfolio of 35+ peer-reviewed publications as a medical student.

Volunteering/Leadership

AMBOSS (Medical Education Platform) | Berlin, Germany (Remote)**(Dec 2021***Ambassador***– Present)**

- **Strategic Communication:** Served as the primary link between the university and AMBOSS headquarters.

Wikipedia (Wiki Project Med) | Remote**(2021 –***Medical Content Editor & Translator***Present)**

- **Public Health Support:** Bridged the medical information gap in the Middle East by translating high-traffic medical articles from English to Arabic, ensuring accessibility of accurate health data for millions of Arabic speakers.
- **Content Accuracy:** Edited and verified references for complex medical entries (Cardiology, Epidemiology) to combat health misinformation.

Maadi Scout Team | Cairo, Egypt**(Mar 2012***Scout Leader & Community Volunteer***– Feb**

- **Distinguished Achievement:** Honored as "Best Scout in Cairo" (Ranked Top 3 regionally, 2012), recognized for exceptional discipline, survival skills, and community service dedication.

2015)
